CUMULATIVE INDEX OF ARTICLES

Volumes 1–5, 1983–1987

The adaptive pattern of families with a leukemic child. María Luisa Velasco de Parra, Sandra Dávila de Cortazar, & Gilberto Covarrubias-Espinoza, 1(4):30

Attention deficit disorder: Addressing the biological issues in behavioral disorders. Bob Wendorf, 5(3):293

Beyond power and control: Toward a "second order" family systems therapy. Lynn Hoffman, 3(4):381

The boundary of the symptom: Whose death and dying? Howard F. Stein, 2(2):188

Brief treatment of a headache: A case report. Robert Massad, 2(1):53

Can general practitioners be taught family-therapy methods? A contribution to the debate. Peter Tomson & Eia Asen, 5(1):97

Capturing death: Families of children recovering from oncological disease. Silvia Soccorsi, Flavia Lombardi, & Patrizia Rubbini Paglia, 5(2):191

Care of the family for the benefit of the patient: Family therapy skills for the family physician. Thomas L. Schwenk, 2(2):170

Cartesian anxiety and the language of family systems medicine. Donald C. Ransom 5(2):267

Case studies and economics: Integrating a family-systems approach in adult medical settings. John H. Steidl & Elana K. Mandelbaum, 5(2):238

Cases that "don't make sense": Brief strategic treatment in medical practice. John H. Weakland & Richard Fisch, 2(2):125

The changing family—Implications for family practice. Donald C. Ransom, 2(4):451

Chronicity and the physician. Nellie P. Grose & Thelma Jean Goodrich, 3(2):190

Classic reprints: *The family equilibrium* [Chapter 4 in *Patients have families*]. Henry B. Richardson, 1(1):62

Classic reprints: *Family homeostasis and the physician.* Don D. Jackson, 2(1):80

The clinician in context: Introduction. Barry Dym & Stanley Berman, 5(4):406

Coalitions and binding interactions in families with chronic illness. Peggy Penn, 1(2):16

Comment: A diabetic views the simulation. Abigail Heyman & Donald A. Bloch, 2(4):416

Compliance: I. Noncompliance: A review; II. Facilitating compliance. Randall Rissman & Barbara Zimmer Rissman, 5(4):446

Compliance behavior of hemodialysis patients and the role of the family. Roger J. Sherwood, 1(2):60

Consultation: Would you like co-evolution instead of referral? Tom Andersen, 2(4):370

"Conversations" with Humberto Maturana (Oxford, Summer 1985). Peggy Penn, 5(1):5

Conversion disorder in childhood and adolescence, Part I: A familial/cultural approach. Wencke J. Seltzer, 3(3):261

Conversion disorder in childhood and adolescence, Part II: Therapeutic issues. Wencke J. Seltzer, 3(4):397

Coping as interpersonal strategy: Families with childhood cancer. Oscar A. Barbarin & Mark A. Chesler, 2(3):279

Cotherapy as reframing: Pediatrician and social worker as cotherapists. Stephen J. Bittner & Barry R. Pomerantz, 1(2):48

Denying disability: The case of deafness. Marilyn Mendelsohn & Felicia Rozek, 1(2):37

Diabetes mellitus from the inside out: Ecological perspectives on a chronic disease. Sim S. Galazka & J. Kevin Eckert, 2(1):28

Diagnose the system, treat the individual: Hypnosis for secondary impotence. Tad Goguen, 3(3):308

A difficult consultation in a private family practice setting. Lawrence I. Silverberg, 3(3):340

An ecological view of deafness. Michael A. Harvey & Barry Dym, 5(1):52

Editorial. Donald A. Bloch, 4(2/3):131

Editorial. Donald A. Bloch, 4(4):338

Editorial. Donald A. Bloch, 5(2):147

Editorial. Donald A. Bloch, 5(4):403

Editorial: Prague ICFT, 1987 [International Congress of Family Therapy]. Donald A. Bloch, 5(3):275

The emergency room psychiatrist as multiple agent: A family systems analysis. John Z. Sadler, 4(4):367

Epistemology and the impaired physician. Donald A. Bloch, 3(4):378

Establishing and maintaining a family treatment center in a general hospital setting. Ross E. Carter, 3(2):133

Establishing parameters for teaching family systems in a family-practice center. Herta A. Guttman & Yvonne Steinert, 5(3):322

Ethical questions and systems approaches. Donald C. Ransom, 5(1):135

Etiology: On needing the diseases one gets. Donald A. Bloch, 1(4):3

An exchange on "The family in family medicine: The state of the art." Donald C. Ransom, 5(3):376

Failure to thrive: A transactional issue. Edward

Goldson, Peter J. Milla, & Arnon Bentovim, 3(2):205

Families caring for frail and demented elderly: A review of selective findings. John P. Houlihan, 5(3):344

Family adaptation to medical stressors. Alberta Y. Koch, 1(4):78

Family and beyond: The larger context of noncompliance. Howard F. Stein & James Michael Pontious, 3(2):179

The family and chronic illness: A treatment diary. Marcia Sheinberg, 1(2):26

The family and family medicine—Another round. Donald C. Ransom, 2(3):353

The family and the maternity center: A photo essay. Abigail Heyman, 1(4):60

The family APGAR: Use of a simple family-function screening test with adolescents. Joan Shapiro, Lawrence S. Neinstein, & Susan Rabinovitz, 5(2): 220

The family as a psychosocial system. Donald A. Bloch, 2(4):387

The family as patient—What does this mean? Donald C. Ransom, 1(2):99

The family as patient—Part II. Donald C. Ransom, 1(3):110

Family characteristics of myofascial pain dysfunction syndrome patients. Robert M. Malow & Ronald E. Olson, 2(4):428

Family consultation in family medicine: A case example. Carlos E. Sluzki, 3(2):160

Family determinants of disease: Depressed lymphocyte function following the loss of a spouse. David D. Schmidt, 1(1):33

Family/disease/treatment systems: A coevolutionary model. Donald A. Bloch, 5(3):277

The family doctor and the prevention of somatic fixation. J. van Eijk, R. Grol, F. Huygen, P. Mesker, J. Mesker-Niesten, G. van Mierlo, H. Mokkink, & A. Smits, 1(2):5

Family dynamics in psychotic and severe psychosomatic disorders: A comparison. Helm Stierlin, 1(4):41

Family dynamics in William Faulkner's "The Sound and the Fury." Robert L. Blake, Jr., 2(3):320

The family environment of children with a diabetic parent: Issues for research. Barbara J. Anderson & Helen Kornblum, 2(1):17

The family health maintenance demonstration. Donald C. Ransom, 3(3):371

Family illness paradigms: Evolution and significance. John S. Rolland, 5(4):482

Family involvement and successful treatment of obesity: A review. Oscar A. Barbarin & Mildred C. Tirado, 2(1):37

Family medicine and literature: A natural match. Mary Ellen Maccio & Linda M. Garcia-Shelton, 3(1):27

The family medicine consultant—Reframing the contribution of medical social work. Elana K. Mandelbaum, 2(3):309

Family medicine: Its scientific nature. Troy D. Abell, 4(1):31

Family practice impact of a teaching curriculum in family dynamics. Russell J. Sawa, Elizabeth A. Henderson, Renato Y. Pablo, & William A. Falk, 3(1):50

Family reactions and reorganization patterns in myocardial infarction. Ross E. Carter, 2(1):55

Family Systems Medicine: The field and the journal. Donald A. Bloch, 1(1):3

Family: The indeterminancy of translation and the inscrutability of reference ["A reply to Schmidt" see *Letter to the Editor*]. Bruce Denner, 5(3):391

Family therapist and pediatrician: Teaming-up on four common behavioral pediatric problems. Joseph Frey, III, & Robert Wendorf, 2(3):290

The family therapist as health care consultant. Donald A. Bloch, 2(2):161

The family therapist, the primary care physician, and the health maintenance organization: Pitfalls and possibilities. Dorothy Dow Crane, 4(1):22

Family therapists and family therapy programs in hospital settings: A survey. Catherine McCall & Cheryl L. Storm, 3(2):143

Family therapy and the family physician: Reflections after 15 years. W. Wayne Weston, 5(3):357

Family therapy and the family physician: Where to family medicine, where to family training [Response to W.W. Weston]. Duane S. Bishop & Nathan B. Epstein, 5(3):364

Family therapy, family somatics, and family medicine. F.J.A. Huygen & A.J.A. Smits, 1(1):23

Family therapy with an enuretic, encopretic child. Robert J. Wendorf, 2(1):46

Family therapy with closed head injured patients: Utilizing Kubler-Ross' model. Alan M. Groveman & Elisabeth W. Brown, 3(4):440

Family's impact on health: A critical review. Thomas L. Campbell, 4(2/3):135

Fighting dragons: The construction of explanatory systems in genetic disease. Etienne J. Phipps & Alice Lazzarini, 5(3):304

The first to know: A systemic analysis of confidentiality and the physician's family. JoEllen Patterson & Lisa C. Baker, 4(1):72

Forty families—A search for the family in family medicine. Lynn P. Carmichael, 1(1):12

Four hearts and four families in dilemma. Tom Andersen & Ingebjørg Næss, 4(1):96

The general practitioner and consulting psychiatrist as a team with "stuck" families. Tom Andersen, 5(4):468

A glimpse of family therapy in the Soviet Union. Halcyone H. Bohen, 5(1):31
A glossary. Alvin H. Strelnick, 3(1):82
The Gouverneur Health Services Program: An experiment in ecosystemic community health care delivery. E.H. Auerswald, 1(3):5
Grabbing the brass ring: A study of referrals to family therapists by family physicians. Traci Detchon & Cheryl L. Storm, 5(4):504
The hated adolescent: Reactions of family and hospital staff to an aplastic anemia patient. Shelia Namir & David K. Wellisch, 3(3):313
Health, illness and the family: An evolutionary perspective. John Schwartzman, 3(4):447
Health promotion and the family. Donald C. Ransom, 3(2):250
The Heidelberg concept: An introduction to the work of Helm Stierlin and his associates. Hinda Winawer, 1(4):36
Here I am, Ma: The emotional impact of pregnancy loss on parents and health-care professionals. Patricia Taner Leff, 5(1):105
Hierarchical issues in a systems approach to illness and health. W. Robert Beavers, 1(1):47
Holism and medical education: Personal reflections from practical experience. David M. Baughan, 5(2):160
The home hospice: A profile of a palliative home-care unit. Gabriel Mor & Naomi Mor, 5(2):150
Iatrogenic miracles. Donald A. Bloch, 3(2):130
If you have the name. . . Donald A. Bloch, 2(1):3
Images of the family in family practice. Donald C. Ransom, 5(4):514
Implications of contrasting patterns of divorce in families of children with gastrointestinal disorders. Elana Zimand & Beatrice Wood, 4(4):385
Instructional dramatization via a dinner theater: A simulated family systems medicine continuing medical-education approach. Michael Denny, Edward Titus, D. Robert Howard, & Richard D. Fehlenberg, 5(2):249
Integrating a family therapist into a family medical practice. Michael L. Glenn, Linda Atkins, & Robert Singer, 2(2):137
The intertwining of the family system in Huntington's disease. Etienne Phipps & Philippe Desplat, 2(3): 298
Intervening with families with chronic illness. Maureen Leahey & Lorraine M. Wright, 3(1):60
Interview: Glen Aukerman, M.D. Michael L. Glenn, 2(4):432
Interview: Milton Seifert, M.D. Michael L. Glenn, 3(2):221
Interview: Rita Ulrich, M.S.W. Michael L. Glenn, 3(1):88
Interview: Ron Backer, M.D., and Barry Dym, Ph.D. Michael L. Glenn, 4(4):421
Interview: William Phillips, M.D., M.P.H., and Larry Mauksch, M.Ed. Michael L. Glenn, 3(3):344
Interview with William Manahan, M.D. Michael L. Glenn, 2(3):337
An introduction to consultation-liaison psychiatry. Richard M. Berlin & Thomas N. Wise, 4(1):43
Irritable bowel syndrome in an adolescent adjusting to divorce: A case report. Joellyn L. Ross, Etienne J. Phipps, & William L. Milligan, 3(3):334
Issues in the referral for family therapy. Robert Simon, 1(1):56
The legacy of the Peckham experiment. Donald C. Ransom, 1(4):104
Lessons of the revolution: A critical event and the contexts of family systems medicine. Howard F. Stein, 1(3):31
Letter to the Editor, David D. Schmidt, 5(3):377
Lupus: An interactional approach. Cecily Rose-Itkoff, 5(3):313
The magnifying mirror: Family therapy for deaf persons. Michael A. Harvey, 4(4):408
Marital dynamics of women with premenstrual tension syndrome. Judith P. Siegel, 4(4):408
The meaning of diseases. Donald A. Bloch, 2(3):243
The mentally handicapped in context. Evan Imber-Black, 5(4):428
Metabolic control in adolescents with diabetes: An examination of systemic variables. Cindy L. Hanson & Scott W. Henggeler, 2(1):5
Meta-stability: An editorial. Donald A. Bloch, 1(2):3
Mind in bodies: The treatment of a family that presented a migraine headache. Bradford Keeney & Jeffrey Ross, with Olga Silverstein, 1(3):61
Mode or modality. Donald A. Bloch, 5(1):3
Multilevel intervention on behalf of a catastrophically ill child. Andres J. Pumariega & S. Steve Snow, 3(3):326
Multilevel patterns: Family therapy with neuropsychiatric patients. James L. Griffith, 3(2):151
The natural history of a drug treatment system. John Schwartzman, 4(4):344
On becoming blind: The loss and the change in the family—A case study. Ellie Henkind Katz, 5(1):79
On being a diabetic patient: A simulated experience. Penelope R. Williamson & Elizabeth McCauley, 2(4):409
On building bridges between family practice and family therapy. Donald C. Ransom, 1(1):91
On giving good advice successfully. Lawrence H. Diller, 4(1):78
On light versus electron microscopes in family research. Donald C. Ransom, 5(3):383
On not recommending family therapy to families in psychiatric emergencies. Richard A. Perlmutter & James E. Jones, 5(3):333
On the absence of role models in family practice training. Donald C. Ransom, 4(1):123

On why it is useful to say that "the family is a unit of care" in family medicine: Comment on Carmichael's essay. Donald C. Ransom, 1(1):17

The pact: The caretaker-parent/ill-child coalition in families with chronic illness. Gillian Walker, 1(4):6

A paradoxical treatment format for anxiety-related somatic complaints: Four case studies. Gilbert J. Greene & Dana B. Sattin, 3(2):197

Partial success in behavioral couples treatment of chronic smoking: A case report. Robert D. Hill & Margaret A. Chesney, 3(3):301

The patient is not a dirty window. Donald C. Ransom, 2(2):230

The patient-provider-translator triad: A note for providers. Carlos E. Sluzki, 2(4):397

Patients have families. Donald C. Ransom, 2(1):109

The physician and family function assessment. Gabriel Smilkstein, 2(3):263

Physician-family therapist collaboration: Children with medical problems. John Sargent, 3(4):454

Physician ineffectiveness due to family-of-origin issues. Mark B. Mengel, 5(2):176

Physicians and family therapists: The risk of collaboration. Susan McDaniel ("What I hate most about working with physicians") & Thomas L. Campbell ("What I hate most about working with family therapists"), 4(1):4

Pitfalls and breakthroughs for family therapists teaching in family practice settings. Donald C. Ransom, 4(4):448

Positive effects of psychosocial interventions on total health care: A review of the literature. Robert C. Rinaldi, 3(4):417

Predicting bereavement outcome: Marital factors. Stephen B. Shanfield, 1(1):40

Prescription-filling as a dependent variable in the study of psychosomatic families: A demonstration. D. Russell Crane & Vincent L. Taylor, 1(2):73

"Pretend illness": An analysis of one phase in the development of illness behavior. Simon R. Wilkinson, 4(4):376

Preventing drug habits by changing physician habits: Obstacles and opportunities. A.H. Strelnick & Robert J. Massad, 4(1):51

The primary health care team: Family physician and family therapist in joint practice. Barry Dym & Stanley Berman, 4(1):9

Principles of accounting. Donald A. Bloch, 2(4):363

Principles of accounting II. Donald A. Bloch, 3(1):3

Pseudo-encopresis: From avalanche to victory, from vicious to virtuous cycles. Michael White, 2(2):150

Psychosocial aspects of pediatrics: Middle-level theory building. Braulio Montalvo, Edward L. Schor, & Margaret Moore, 5(1):65

Psychosomatics I. Psychosocial characteristics of psychosomatic patients and their families. Michael Wirsching & Helm Stierlin, 3(1):6

Psychosomatics II. Treatment considerations. Michael Wirsching & Helm Stierlin, 3(3):281

Quiet! Scientist at work—The doctor-patient interaction as a scientific procedure. George L. Engel, 5(1):115

Reframing techniques in the general hospital. Stuart J. Eisendrath, 4(1):91

Research on the family in health, illness and care—State of the art, Donald C. Ransom, 4(2/3):329

Resident evaluation of a voluntary family therapy training program. Robert Soman & Michael Soman, 1(4):72

Response [to Bruce Denner; see Index of Authors]. David D. Schmidt, 5(3):398

Response to Hochheiser and Chapados [see Index of Authors]. Duane S. Bishop & Nathan B. Epstein, 3(4):481

Response to Schmidt [see *Letter to the Editor*]. Shae Graham Kosch, 5(3):380

The risk of change: Teaching the family as the unit of medical care. Susan H. McDaniel & Stephen Amos, 1(3):25

The role of mental-health resources in explaining family adaptation to stress: A preliminary analysis. Alberta Koch-Hattem, David M. Hattem, & Leone P. Plummer, 5(2):206

The semi-structured genogram interview: I. Protocol; II. Evaluation. John Rogers & Margaret Durkin, 2(2):176

A sense of purpose for teaching behavioral science in family medicine. Donald C. Ransom, 3(4):494

Separation reactions. F.J.A. Huygen, 2(4):365

Social and emotional adaptation of the families of schizophrenic patients. Irena Namyslowska, 4(4): 398

Some of my best friends are dead: Treatment of the post-traumatic stress disorder patient and his family. Sarah A. Haley, 3(1):17

A strategy for prevention: Role flexibility and affective reactivity as factors in family coping. Alberta Koch, 3(1):70

Stress response contagion between spouses: Fact or fiction. Joan E. Bowers & Helen Nakagawa Kogan, 2(4):420

Structural family therapy in a multidisciplinary facial pain center: A case report. Pamela G. Boll, Margaret L. DuVall, & Louis G. Mercuri, 1(3):78

Structurally determined conflicts in health care. Michael L. Glenn, 5(4):413

Styles of couple response to a health behavior change program. Dennis T. Jaffe & Maryalice Jordan-Marsh, 1(3):37

The sun also rises: An editorial. Donald A. Bloch, 1(3):3

Symptom formation as resistance to becoming healthy: A case report. Maria Luisa Velasco, 3(1):45

Symptoms as therapeutic metaphor: A case of hypertension. Pieter le Roux, Terri M. Bakker, Brenda Lasersohn, & Jeanne E. van Zyl, 5(1):7

Systemic worms and other loops. Donald A. Bloch, 3(3):258

Systems consultation: What's in a name? Susan H. McDaniel, Lyman C. Wynne, & Timothy T. Weber, 4(4):341

A systems model for therapy with brain-injured adults and their families. Philip W. Henry, John Knippa, & Charles J. Golden, 3(4):427

Systems theory applied to families with a diabetic child. Shirley M. Caldwell & James W. Pichert, 3(1):34

A tale of two styles. Donald A. Bloch, 4(1):3

Teaching "family": The family medicine chart review. Alan S. Wolkenstein, Steven L. Lawrence, & Dennis J. Butler, 3(2):171

A time-conserving protocol for pediatric behavioral problems. Nahum Frenck, 2(2):146

Time-elapsed marital and family therapy with sudden infant death syndrome families. David A. Baptiste, Jr., 1(3):47

Toward a psychosocial typology of chronic and life-threatening illness. John S. Rolland, 2(3):245

Toward collaborative family-oriented health care. Michael L. Glenn, 3(4):466

Training family physicians to treat families: Unexpected compliance problems. Duane S. Bishop, Nathan B. Epstein, Ray Gilbert, Hermanus I.J. van der Spuy, Sol Levin, & Sharon McClemont, 2(4): 380

Training family physicians to treat families: What is done and what is needed. Louis I. Hochheiser & James Chapados, 3(4):476

Treating anorexia nervosa in the somatic hospital: A multisystemic approach. Wencke J. Seltzer, 2(2): 195

Treating the health care family. Lisa C. Baker & J. Michael Pontious, 2(4):401

Treatment of a nondrinking family member of an alcoholic family system by a family nursing team. Lorraine M. Wright, Dusty Miller, & Karen L. Nelson, 3(3):291

The unconventional future of family medicine. Donald C. Ransom, 3(1):120

What's really the problem? Joellyn L. Ross, 5(2):246

When spouses disagree: A predictor of cardiac rehabilitation. Dan Bar-On & Solly Dreman, 5(2): 228

Who will have my tummy ache if I give it up? Sebastian Kraemer, 1(4):51

The women at Greenham Common: An observation. Peggy Penn, 2(1):66

You can tell a book by its cover. Donald A. Bloch, 2(2):123

CUMULATIVE INDEX OF AUTHORS*

Volumes 1–5, 1983–1987

Abell, Troy D. *Family medicine: Its scientific nature.* 4(1):31–42, 1986

Alexander, Beth (see Index of Articles/Book Reviews)

Amos, Stephen (see McDaniel, Susan H.). *The risk of change: Teaching the family as the unit of medical care.* 1(3):25

Andersen, Tom. *Consultation: Would you like co-evolution instead of referral?* 2(4):370–379, 1984

Andersen, Tom. *The general practitioner and consulting psychiatrist as a team with "stuck" families.* 5(4):468–481, 1987

Andersen, Tom; Næss, Ingebørg. *Four hearts and four families in dilemma.* 4(1):96–106, 1986

Anderson, Barbara J.; Kornblum, Helen. *The family environment of children with a diabetic parent: Issues for research.* 2(1):17–27, 1984

Anderson, Steven R. (see Index of Articles/Book Reviews)

Asen, Eia (see Tomson, Peter). *Can general practitioners be taught family-therapy methods? A contribution to the debate.* 5(1):97

Atkins, Linda (see Glenn, Michael L.). *Integrating a family therapist into a family medical practice.* 2(2):137

Auerswald, E.H. (see Index of Articles/Book Reviews)

Auerswald, E.H. *The Gouverneur Health Services Program: An experiment in ecosystemic community health care delivery.* 1(3):5–24, 1983

Baker, Lisa C.; Pontious, J. Michael. *Treating the health care family.* 2(4):401–408, 1984

Baker, Lisa C. (see Patterson, JoEllen). *The first to know: A systemic analysis of confidentiality and the physician's family.* 4(1):72

Bakker, Terri M. (see le Roux, Pieter). *Symptoms as therapeutic metaphor: A case of hypertension.* 5(1):7

Baptiste, David A., Jr. *Time-elapsed marital and family therapy with sudden infant death syndrome families.* 1(3):47–60, 1983

Barbarin, Oscar A.; Chesler, Mark A. *Coping as interpersonal strategy: Families with childhood cancer.* 2(3):279–289, 1984

Barbarin, Oscar A.; Tirado, Mildred C. *Family involvement and successful treatment of obesity: A review.* 2(1):37–45, 1984

Bar-On, Dan; Dreman, Solly. *When spouses disagree: A predictor of cardiac rehabilitation.* 5(2):228–237, 1987

Bartholomew, Karlotta Lutz (see Index of Articles/Book Reviews)

Bassoff, Betty Z. (see Index of Articles/Book Reviews)

Baughan, David M. *Holism and medical education: Personal reflections from practical experience.* 5(2):160–175, 1987

Beavers, W. Robert. *Hierarchical issues in a systems approach to illness and health.* 1(1):47–55, 1983

Bentovim, Arnon (see Goldson, Edward). *Failure to thrive: A transactional issue.* 3(2):205

Berlin, Richard M.; Wise, Thomas N. *An introduction to consultation-liaison psychiatry.* 4(1):43–50, 1986

Berman, Stanley (see Dym, Barry). *The primary health care team: Family physician and family therapist in joint practice.* 4(1):9

Berman, Stanley (see Dym, Barry). *The clinician in context: Introduction.* 5(4):406

Bibace, Roger (see Index of Articles/Book Reviews)

Bishop, Duane S.; Epstein, Nathan B. *Response to Hochheiser and Chapados.* 3(4):481–485, 1985

Bishop, Duane S.; Epstein, Nathan B. *Family therapy and the family physician: Where to family medicine, where to family training* [response to W. Wayne Weston]. 5(3):364–366, 1987

Bishop, Duane S.; Epstein, Nathan B.; Gilbert, Ray; van der Spuy, Hermanus I.J.; Levin, Sol; McClemont, Sharon. *Training family physicians to treat families: Unexpected compliance problems.* 2(4): 380–386, 1984

Bittner, Stephen J.; Pomerantz, Barry R. *Cotherapy as reframing: Pediatrician and social worker as cotherapists.* 1(2):48–59, 1983

Blake, Robert L., Jr. *Family dynamics in William Faulkner's* "The Sound and the Fury." 2(3):320–326, 1984

Bloch, Donald A. (see Index of Articles/Book Reviews)

Bloch, Donald A. *Family Systems Medicine: The field and the journal.* 1(1):3–11, 1983

Bloch, Donald A. *Meta-stability: An editorial.* 1(2): 3–4, 1983

Bloch, Donald A. *The sun also rises: An editorial.* 1(3):3–4, 1983

Bloch, Donald A. *Etiology: On needing the diseases one gets.* 1(4):3–5, 1983

* Articles are listed in the following order: (1) sole author, chronologically; (2) first author, alphabetically by successive authors, then chronologically; and (3) co-author, alphabetically by first author, then chronologically. Inclusive page numbers and year provided only for sole and first authors.

Bloch, Donald A. *If you have the name. . .* 2(1):3–4, 1984

Bloch, Donald A. *You can tell a book by its cover.* 2(2):123–124, 1984

Bloch, Donald A. *The family therapist as health care consultant.* 2(2):161–169, 1984

Bloch, Donald A. *The meaning of diseases.* 2(3):243–244, 1984

Bloch, Donald A. *Principles of accounting.* 2(4):363–364, 1984

Bloch, Donald A. *The family as a psychosocial system.* 2(4):387–396, 1984

Bloch, Donald A. *Principles of accounting II.* 3(1): 3–5, 1985

Bloch, Donald A. *Iatrogenic miracles.* 3(2):130– 132, 1985

Bloch, Donald A. *Systemic worms and other loops.* 3(3):258–259, 1985

Bloch, Donald A. *Epistemology and the impaired physician.* 3(4):378–380, 1985

Bloch, Donald A. *A tale of two styles.* 4(1):3, 1986

Bloch, Donald A. *Editorial* [on the special, double issue of *FSM*]. 4(2/3):131–133, 1986

Bloch, Donald A. *Editorial.* 4(4):338–340, 1986

Bloch, Donald A. *Mode or modality?* 5(1):3–4, 1987

Bloch, Donald A. *Editorial.* 5(2):147–149, 1987

Bloch, Donald A. *Editorial: Prague ICFT, 1987* [International Congress of Family Therapy]. 5(3): 275–276, 1987

Bloch, Donald A. *Family/disease/treatment systems: A coevolutionary model.* 5(3):277–292, 1987

Bloch, Donald A. *Editorial.* 5(4):403–405, 1987

Bloch, Donald A. (see Heyman, Abigail). Comment: *A diabetic views the simulation.* 2(4):416

Bohen, Halcyone H. *A glimpse of family therapy in the Soviet Union.* 5(1):31–51, 1987

Boll, Pamela G.; DuVall, Margaret L.; Mercuri, Louis G. *Structural family therapy in a multidisciplinary facial pain center: A case report.* 1(3):78–91, 1983

Bowers, Joan E.; Kogan, Helen Nakagawa. *Stress response contagion between spouses: Fact or fiction.* 2(4):420–427, 1984

Brown, Elisabeth W. (see Groveman, Alan M.). *Family therapy with closed head injured patients: Utilizing Kubler-Ross' model.* 3(4):440

Butler, Dennis J. (see Wolkenstein, Alan S.). *Teaching "family": The family medicine chart review.* 3(2):171

Caldwell, Shirley M.; Pichert, James W. *Systems theory applied to families with a diabetic child.* 3(1):34–44, 1985

Campbell, Thomas L. (see Index of Articles/Book Reviews)

Campbell, Thomas L. *What I hate most about working with family therapists* [statement paired with Susan McDaniel's *What I hate most about working with physicians,* under overall title of *Physicians and family therapists: The risk of collaboration*]. 4(1):4–8, 1986
